PREFACE

California Prisoners and Parolees, 2004, is a presentation of statistical data about the adult felons, civil narcotic addicts and other populations under the jurisdiction of the California Department of Corrections and Rehabilitation (CDCR). Statistical data on felons in CDCR have been published since 1950 when the first issue of *California Prisoners*, covering the years 1945 through 1949, was released. Statistical data on civil narcotic addicts have been published since 1967 when the first issue of *Summary Statistics, Civil Commitment Program for Narcotic Addicts*, covering the years 1961 through 1966, was published. Beginning in 1981, the two were combined into one publication.

This publication is organized into seven sections containing information on different types of populations under CDCR jurisdiction. The Reference Guide provides a list of prisons by name and location; maps identifying counties, areas of commitment, and parole regions; and a glossary of terms and acronyms used throughout the publication.

The Chief Deputy Secretary of Corrections and Rehabilitation administered 32 prisons, 3 detention centers, 4 parole regions, and 37 camps during 2004. The types of commitments received by CDCR are felons, civil narcotic addicts, County Diagnostic Cases (under Penal Code Section 1203.03), some Juvenile Justice commitments, federal prisoners, and prisoners from other states. This publication contains only a portion of the data available in report format.
