PREFACE

California Prisoners and Parolees, 2009, is a presentation of statistical data about the adult felons, civil narcotic addicts and other populations under the jurisdiction of the California Department of Corrections and Rehabilitation (CDCR). Statistical data on felons in CDCR have been published since 1950 when the first issue of *California Prisoners*, covering the years 1945 through 1949, was released. Statistical data on civil narcotic addicts have been published since 1967 when the first issue of *Summary Statistics, Civil Commitment Program for Narcotic Addicts*, covering the years 1961 through 1966, was published. Beginning in 1981, the two were combined into one publication. In 2008, CDCR's publication *Historical Trends* was incorporated into this publication. *Historical Trends* described changes to CDCR's population over a 20 year time period.

This publication is organized into six sections containing information about different types of populations under CDCR jurisdiction. The Reference Guide provides a list of prisons by name and location; maps identifying counties, areas of commitment, and parole regions; and a glossary of terms and acronyms used throughout the publication.

The Chief Deputy Secretary of Adult Operations administered 33 prisons, four detention centers, four parole regions, and 42 camps during 2009. The types of commitments received by CDCR are felons, civil narcotic addicts, County Diagnostic Cases (under Penal Code Section 1203.03), some Juvenile Justice commitments, safekeepers, federal prisoners, and prisoners from other states. This publication contains only a portion of the data available in report format. If you have a request for additional data or have any questions regarding the presentation of these data, we can be contacted at:

These rates should not be considered to be CDCR's recidivism rates. For recidivism rates see Table 49 and Table 49A.

NOTE: PV-RTC refers to parolees returned to prison for violating a parole condition, parolees returned pending a parole revocation hearing, and parolees returned to alternative placement in a substance abuse program without having their parole revoked. PV-RTC does not include revoked parolees housed in non-state facilities or those returned with another prison commitment (PV-WNT). Previously published numbers may vary due to modifications to the database.

* The Average Daily Felon Parolee and Parolee-at-Large (PAL) Population includes the average daily population of felon parolees supervised in California plus the average daily felon PAL population.

TABLE 51A

DEFINITIONS FOR RECIDIVISM RATED FOR FELONS PAROLED TO CALIFORNIA SUPERVISION CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION FIRST RELEASED TO PAROLE IN 2006

Recidivist: A felon who returns to prison for any reason during a specified follow-up period.

Recidivism cohort: The number of felons first released to parole during a given year.

Return to prison: Includes felons who are returned to Substance-Abuse Treatment-Control Units in correctional facilities; returned pending a revocation hearing by the Board of Prison Hearings on charges of violating the condition of parole; returned to custody for parole violations to serve revocation time; or returned to prison by a court for a new felony conviction.

First release to parole: The first release to parole to parole for felons with new admissions and parole violators returned with a new term (PV-WNT) during a calendar year.

Recidivism rate: The ratio of the number of recidivists in the cohort to the number of felons at risk of recidivating in the cohort during the specified time period, time one hundred.

How California Department of Corrections and Rehabilitation (CDCR) calculates recidivism: The recidivism rate start with the cohort of felon offenders who are released to parole in a given year. They are tracked for a period o three years to determine if they return to prison. The release cohort includes only offenders, who are paroled for the first time from prison on a new admission to prison or paroled for the first time following return to prison with a new court commitment. The recidivism rate does not include parole violators who are re-released.
